EDUCATION

Mumbai University, Chiplun-Maharashtra   **Aug 2021 - 2024**

Bachelor of Science in Information Technology

PROJECTS

Project title

- I built my own **portfolio website** using **HTM**L, **CSS**, and **JavaScrip**t to showcase my work in a clean, professional way. The site highlights my projects, skills, and achievements, providing a platform for others to explore what I do.

Activity

- Successfully developed a fully responsive website that works on both desktop and mobile devices.
- Designed and implemented a clean, professional layout to highlight my work.
- Integrated interactive elements using JavaScript to enhance user engagement.
- Improved my understanding of front-end development and web design best practices.

SKILLS

Programming languages: HTML, CSS, JAVASCRIPT, JQuerry , Bootstrap

Computer software/ frameworks: ~~REACT,GITHUB~~

Languages: ENG, HIN, MAR
